#### Executive Summary

Each year Council releases an annual Budget for the investment and delivery of critical services and essential infrastructure to support our rapidly growing community. We need to balance the delivery of ongoing services and programs while also building infrastructure and facilities to cater to our growing population. The budget is developed to align to our long-term financial plan which balances our current spending on projects and services for the community and strengthens our long-term financial sustainability.

This financial year Council has an operating budget of \$315m, but we can't do everything and need to make hard choices. We need to know what services and assets our community value most now and for the future to help us shape key documents that will guide Council's activities over the next 5-10 years. The valuable insights we capture will inform the Budget 2025-26, Community Plan 2026-29, Asset Plan 2026-35, Financial Plan 2026-35, Road Management Plan 2026-29 and Revenue and Rating Plan 2026-29.

We are seeking input of the Youth Council as part of a wider community engagement process to ensure their voice is considered. Feedback from the session will be presented and considered as part of the wider community consultation that is active at

<https://engage.whittlesea.vic.gov.au/priorities2025>

#### Officers' Recommendation

**THAT the Youth Council provide feedback from the workshop session to assist in developing key documents including the Budget 2025-26, Community Plan 2026-30, Asset Plan 2026-36, Financial Plan 2026-36, Road Management Plan 2026-30 and Revenue and Rating Plan 2026-30.**

## Background / Key Information

This project will have five phases of community engagement as below:

Phase 1 – Broad community consultation - (5 August to 2 September 2024).

Phase 2 – Broad community pulse check/consultation – (December 2024 to January 2025).

Phase 3 – Deliberative engagement – focus groups (early 2025).

Phase 4 – Proposed budget released for community feedback (2 to 11 April 2025).

Phase 5 – Adoption of 2025-26 Budget and closing the loop with community (May 2025).

## Implementation Strategy

### Communication

Community members are invited to participate in the community engagement digitally through Council's Engage Whittlesea platform

(<https://engage.whittlesea.vic.gov.au/priorities2025>) or at one of thirteen community-based pop-up stalls across the municipality.

Promotion of the consultation is via Council's social media channels, an email campaign to Engage Whittlesea members and via direct emails from Council Officers across the organisation to their groups and networks.

### Critical Dates

This project will have five phases of engagement. This report relates to phase 1 – broad community consultation which runs from 5 August to 2 September 2024.

## 4.2 Amendments to the Youth Council Terms of Reference

**Director/Executive Manager:** Director Community Wellbeing  
Executive Manager Office of Council & CEO

**Report Author:** Youth Development Coordinator

**In Attendance:** Unit Manager Youth Development

### Executive Summary

The Youth Council Terms of Reference define the purpose, objective, structure, resourcing and management of the City of Whittlesea Youth Council. The Youth Council Terms of Reference was published in October 2023 prior to the recruitment of the 2024-25 Youth Council.

The Terms of Reference defines that a member of the Youth Council cannot re-apply for membership following the completion of a term of membership (24 months). This has been identified as a disadvantage for Youth Council members who are aged under 16 years old during their term of membership as they do not have the opportunity to nominate for Youth Mayor or Deputy Youth Mayor.

### Officers' Recommendation

**THAT the Youth Council:**

- 1. Resolve to accept the proposed amendment to Section 4(d), 4(e), 7(b) and 7(e) at Attachment 1.**
- 2. Note the amended Youth Council Terms of Reference come into effect from 2 September 2024 and will be circulated to relevant officers, Council staff and Youth Council members.**

## Background / Key Information

The current Youth Council Terms of Reference defines that a member of the Youth Council cannot re-apply for membership following the completion of a term of membership (24 months). This has been identified as a disadvantage for Youth Councillors who are aged under 16 years old during their term of membership as they do not have the opportunity to nominate for Youth Mayor or Deputy Youth Mayor.

The proposed amendments to the Terms of Reference addresses this disadvantage by removing the requirement that a Youth Council can only complete one term of membership. The proposed amendments allow for a Youth Councillor aged 16 years and under during the duration of their term of membership to re-apply following a break period of a minimum one 24-month term. This amendment provides opportunity for a Youth Councillor to nominate for Youth Mayor or Deputy Youth Mayor in their second term of membership, should they be successful in their application for a second term.

## Implementation Strategy

### Communication

This report includes an attached proposed amended Youth Council Terms of Reference.

### Critical Dates

As outlined in Section 14 of the Youth Council Terms of Reference, the Terms of Reference may be reviewed after 12 months in consultation with Youth Council membership. Council will work with Youth Council through a codesign process to explore opportunities to evolve the Terms of Reference.

## Declaration of Conflict of Interest

Under Section 130 of the *Local Government Act 2020* officers providing advice to Council are required to disclose any conflict of interest they have in a matter and explain the nature of the conflict.

The Responsible Officer reviewing this report, having made enquiries with relevant members of staff, reports that no disclosable interests have been raised in relation to this report.

### **SUBMISSION:**

Submission for this report / proposal is detailed below:

## Feedback for Mill Park Place Framework

As the Youth Council, we welcome the opportunity to provide constructive input on the *Mill Park Place Framework*. We acknowledge the significance of the proposal among the young

people of the City of Whittlesea (CoW). We recognise that enhancing the entire suburb to foster a greater community connection, and presence aligns with the vision and aim of this framework. Overall, the framework sufficiently considers the requirements of those around it.

Having reviewed the Mill Park Framework, we find it to be a promising initiative that will significantly benefit the community. As many who regularly walk to school they look forward to the proposed changes that will provide young people with a similarly positive experience. The framework's focus on making Mill Park and the wider City of Whittlesea more walkable and inviting are an excellent step forward. This initiative is not only a good one, but it also has the potential to improve the lives of Mill Park residents, creating a safer and more connected community.

The level of community engagement reflected in the draft framework and its alignment with the broader 2040 vision is commendable. It is clear that the framework is place-responsive and reflective of the community's needs, which can greatly enhance the quality of life in Mill Park. The thoughtful integration of community input demonstrates a holistic approach, and we have no concerns and queries regarding this.

We are particularly pleased with the council's efforts to ensure safe ways to travel around the area, especially for young children and school-goers. Increasing the number of safe routes for walking and cycling is a commendable initiative, fostering relationships among young people and making the community safer. Additionally, the proposal to improve the appearance of local shops is a great idea, as many places currently look old and may not attract younger audiences to gather in a safe manner.

Furthermore, we endorse the framework's plan to prioritise linking areas with public transport. Given the current limitations in the bus network's connectivity and frequency, this should be a key focus. There is little point in building more in the area without ensuring walkability and connectivity, which are crucial for young people, many of whom do not drive or cannot afford to for smaller trips. For instance, getting to Mill Park Library can be challenging due to the bus stops being on opposite sides of main roads, which is unsafe for younger children. Therefore, increasing walkability across Plenty Road, particularly in the areas closer to South Morang, is essential. The creation of drop-off points for primary school children to relieve congestion is a positive initiative, provided that children can safely navigate these walking areas to reach school.

Overall, we appreciate how the council is taking concrete steps towards achieving its goals, especially those related to youth and community building. The identified areas, particularly the safer streets for walking or riding to school, are highly relevant. The proposed road improvements, especially on Plenty Road, will be highly beneficial and contribute to a more connected and vibrant community.

In conclusion, we strongly support the Mill Park Place Framework. The focus on safety, connectivity and community engagement is crucial for the well-being of young people and the broader community. This framework aligns well with the broader goals of the 2040 vision and has the potential to significantly enhance the quality of life in Mill Park.
