

Caring for the lake's turtles

If you find a turtle outside the temporary construction fencing at Peter Hopper Lake, please take the following steps:

- Between 7am and 7pm Monday to Sunday, call our wildlife ecologist on 0409 090 955.
- Outside of these hours, call Wildlife Rescuers on 0417 506 941.

For safety reasons, avoid handling turtles unless absolutely necessary. If you do come into contact with a turtle, please wash your hands thoroughly.
