

## Purpose

The Infant Program\* supports parents with children between 3-12 months old and aims to promote healthy eating and active play behaviours in parents and their children.

Trained health professionals will offer support and practical advice to help parents get healthy eating and physical activity right throughout the various stages of your child's development.

## Benefits

Improve your knowledge and increase your confidence to establish a healthy lifestyle for your child.

Become a role model for your child by promoting healthy eating as your child moves through the key development stages of 3 months, 6 months, 9 months and 12 months of age.

## Who can attend?

Any parent or carer of children of the appropriate age. Fathers and grandparents welcome.

## Acknowledgements

The Infant Program\* was developed by Deakin University's Centre for Physical Activity and Nutrition Research (C-PAN).

The City of Whittlesea is delivering a modified program to suit local needs.

# The Infant Program\*

## Content

### 3 months of age

- Find out when and how to introduce solids
- Find out what drinks to introduce
- Get some extra tips and budget hints.

### 6 months of age

- Starting to think about finger food
- How often and how much to feed
- What to drink
- Less fuss about food
- How to keep babies active
- Dental advice from Dental Health Services Victoria.

### 9 months of age

- Self feeding
- Ideas for keeping children entertained
- Safety in the home.

### 12 months of age

- Entertaining together as a family
- Changes to appetite
- Parent modelling
- Importance of play time rather than screen time.

## Bookings

Speak with your Maternal and Child Health Nurse or contact us on 9404 8888 or via [mchprograms@whittlesea.vic.gov.au](mailto:mchprograms@whittlesea.vic.gov.au)

Please avoid bringing prams (where possible) as there is limited space at the venue.
