## What is the Zero Waste Rebate Program?

The Zero Waste Rebate program is an action item in the [Rethinking Waste Plan 2021-2030](#), which outlines our goal to transition to a low waste city. It is one of several action items that will support our community to become leaders in clean, sustainable living. As part of the rebate program, residents will be able to claim a rebate on the purchase price of reusable nappies, reusable sanitary products, or composting materials.

## Why is Council providing this rebate program?

The Zero Waste Rebate Program will encourage residents to trial reusable items at home. Investing in reusable items is a great way to reduce household rubbish. It can also save on costs in the long term. Parents can expect to save up to \$2000 per child when switching to reusable nappies.

## Key dates

<b>Applications open</b>	March 2022
<b>Applications close</b>	Until funds are exhausted or by 30 June 2022 (whichever occurs first)
<b>Applicants notified of outcome</b>	Allow up to 4 weeks

## Eligibility criteria

- All households in the City of Whittlesea are eligible for one rebate from one of the categories below.
- You must live in the City of Whittlesea and any products purchased must be used at this address. Applicants will be required to provide proof of residency
- Applicants are required to provide proof of purchase
- Rebates are only for:
  - Products listed below. Postage and other fees are not included.
  - 50% of what you spent on products, up to the limits listed below (e.g., if you spent \$80 on a worm farm, you may be eligible for a rebate of \$40)
- All rebates will be processed through direct bank transfer
- You must apply for a rebate within 60 days of making your purchase. The receipt must be legible and in Australian dollars.
- For online orders, proof of how much you spent is required. If your invoice does not show this, you should provide other evidence of the cost (e.g., screenshot from the website).
- Applications will stop being assessed once funding allocations have been exhausted or by 30 June 2022 (whichever occurs first). Please visit [Council's Zero Waste Rebate webpage](#) to find out if a rebate category is nearing its funding allocation.
